Boost  
Confidence

## MAKE THE BIZ WORK FOR YOU!

If you've been through the Business Accelerator Program, you now have better business foundations than 90% of business owners! Now is the fun part – getting to that elite level and truly building a business that works for you.

This is where individualized coaching comes in. Just like patients need individualized care to reach their goals, we need individualized coaching to meet ours. And if you're looking to be Elite – in any aspect of life – you need coaching to get there.

## Is the Elite! For Me?

We believe every business owner will grow faster with community, accountability and guidance. We want to help you create a business that truly works for you – financially, with your lifestyle and with how you treat patients.

**Solopreneur - Lifestyle**  
Wanting to replace income in the least amount of time, getting super-efficient in the biz.  
  
This program has changed my life and given me confidence to have work-life balance for the first time in 18 years of practice, all within 8 months of opening.” - Koleen A.

**Looking to Scale**  
The guidance you need as you prepare to hire, onboard, train and grow.  
  
“Hands-down the best thing we've done for our business. We feel confident in how we're running the business, and we're really excited to continue to grow!” - Courtney + Annie

**Solopreneur - Hustler**  
Filling your schedule, maximizing the financial impact having your own business can have.  
  
“As a solopreneur, was pretty much winging it and doing ok. But this jumpstarted everything...Invest in yourself now and it'll set you up for your career” - Deborah D.

**Established Multi-Clinician Practice**  
Systems and practices in place that allow for sustained, continued growth.  
  
Go for it! Even being in business for 5 years, you will be encouraged to shift, make updates to your systems and learn from the best!“ -Amanda H.

## Some of What You’ll Learn

- Kari C.

“If you’re even considering it, you should have signed up yesterday. Invest in yourself!” - Jen M.

# FAQs and Results

## **Is this more for multi-clinician or solopreneur businesses?**

The Elite! group is split almost evenly between solopreneurs and multi-clinician practices.

Some of those solopreneurs are working towards 'Happy as a Little Clam' and never plan to hire another clinician. Others are preparing to hire and scale.

And multi-clinician practices need the focus on leadership, training and hiring.

**This program has changed my life and given me confidence to have work-life balance for the first time in 18 years of practice, all within 8 months of opening my own clinic.” - Koleen A.**

## **What results have past participants seen?**

We know investing in a program is a big step! We track results for all of our mentees.

- Solopreneurs – Grew from \$45,000 to \$102,000 in revenue (\$57,000 increase) in Year 1 – 126% growth
- Multi-Clinician – Grew from \$110,000 to \$243,000 (\$133k increase!) – 120% increase

But it's not all about the revenue – we want to make sure you're feeling confident with the treatment you're providing and creating a lifestyle that works for you and your family!

**This has been the single most important thing I have done since pursuing my own practice. Really has been a transformative experience. In 6 months, I think my monthly revenue was at least 5x higher...” - Laura G.**

## **How much does it cost?**

We want this program to be a 'no-brainer' decision for the right business owner. The program is \$697/mth – the equivalent of one extra evaluation every other month. We know investing in your business can be intimidating; we want to make it easy and affordable.

**This program is high value especially for the price! It is a no-brainer decision (unless everything is perfect!) - Renee S.**

# FAQs and Results

## How is it different than the Accelerator?

The Elite! program is entirely different from the Accelerator. The backbone is the 1:1 coaching calls and your relationship with your coach. You'll also get access to a ton of other resources, but your call every six weeks with your coach is critical. You'll also have:

- Weekly Office Hours
- Rising Video Library
- Monthly Group Coaching Calls
- Annual Business Retreat
- Templates, Handouts and Tools

**“So much information that other business coaching programs do not go over that I feel truly help us create a great well rounded practice.” - Jenny S.**

## How long do I join for?

We view business coaching as a long-term relationship. We're proud that most of our mentees have worked with us for multiple years. As their goals and business grows, there are always new challenges to overcome!

That said, we do ask you commit to at least a year in the program to see the change in your business and yourself as a business owner. Business growth requires personal growth, and that takes time and commitment.

**Do not hesitate, the investment is worth the gained confidence and business growth!” - Emily S.**

## What if I hate it?

Fortunately, this hasn't been an issue! But if you get into the program and aren't satisfied (for any reason at all), just let us know within the first month and we'll do a full refund.
